ALL READY FOR SHIP LAUNCHING

Betsy Bell Will Go Overboard This Afternoon

CITY IN FESTIVE GARB

Many Prominent Visitors Here For Ceremony—Expected Next Boat Will be Launched June 14.

The big freighter Betsy Bell will glide from the way at the plant of the Virginia Shipbuilding Corporation at 2 o'clock this afternoon as Mrs. Livingstone, wife of Col. Colvin H. Livingstone, president of the corporation will break a bottle of champagne over the prow of the vessel. Bands will play as the second boat built by this corporation goes overboard.

Practically all of Alexandria was on hand long before the hour set. The old city made the day a semi-holiday and King street, the main thoroughfare of the city was gaily bedecked for the occasion. stores closed for two hours.

The big plant of the Virginia Shipbuilding Corporation also is festive in garb, and the Betsy Bell is decorated with the pretty set of colors. Attending the launching will be many prominent visitors from Washington, Baltimore, Philadelphia an dNew York. Included in the number of visitors will be Congressman, members of the Cabinet, members of the diplomatic corps, members of the shipping board and others, including practically all of the officials of the Virginia Shipbuilding Corporation.

The Betsy Bell is a sister ship to the Gunston Hall and has reached a state of completion far in advance of that ordinarily reached prior to launching.

Immediately following the launching an elaborate buffet luncheon will be served in the administration building. The affair will be enlivened by music furnished by a band from Washington Barracks led by Capt. Murphy.

The vessels is a 9,400 ton steel freighter and has a length of 402 feet 6 inches and a beam of 53 feet, which gives her great size and cargo capacity, but at the same time keeps her within the limits of a useful boat for general trade. She is to be an oil burner driven by reciprocal engines developing 2,500 horsepower, and will have a guaranteed speed of ten and one-half knots an hour. She will be steel in structure and equipment with a powerful wireless outfit and will be up-to-the-minute in every phrase of structure and power.

These ships are a part of a contract for twelve ships now being built by the Virginia Shipbuilding Corporation for the Emergency Fleet Corporation, each of which is a 9,400 ton steel cargo carrier.

The Gunston Hall, the first ship launched at this company's plant, went overboard February 27. She will be given her maiden trial trip May 27. In addition to the Gunston Hall and Betsy Bell there are now three ships nearing completion on the shipways and work on five other ships of this contract is proceeding with equal strides in the assembling yard.

Officials of the company stated today that ship No. 3 named the Vanada will be launched in three weeks, or Saturday June 14 and ship No. 4, yet to be named, will, it is expected, go overboard July 4.

The Virginia Shipbuilding Corporation has one of the most modern and up-to-date yards in this section. At the present time 2,500 men are employed at this plant.

The coming of this plant to Alexandria has put new life into the city and Alexandria today is a hustling bustling wide awake city as a result of the coming of this concern to Alexandria.

TO ENTERTAIN SOLDIERS

Seminole Minstrel Will Perform Monay Night at Walter Reed Hospital

The Seminole Minstrels will take their entire organization of over fifty men to Walter Reed Hospital Monday night to entertain the wounded soldiers. In connection with this trip they are receiving the cooperation of Camp Humphreys, which will furnish motor trucks to transport the organization. The folowin gletter has been received by H. H. Newton, business manager of the organization:

Dear Mr. Newton:

This is merely to confirm the date which you set for your minstrel performance on Monday evening, May 26th, at 7:30 o'clock in the Red Cross Convalescent House.

I have written to the Commander of the Post at Camp Humphreys asking his aid in giving you transportation. I hope this may facilitate the matter and take care of the arrangements. You might address him in regard to this.

Very truly yours,
McCall Lanham
Associate Director of Recreational Activities.

The company will also take a quantity of cigarettes with them to furnish the soldiers with a sample of Alexandria smokes, a large part of which has been donated by the local jobbers: H. Kirk and Sons, Chas. King and Son Co., N. Lindsey and Co., F. S. Harper, Inc.

The Walter Reed Hospital was delighted to hear that this company was coming over, as the Commanding Officer stated that the wounded soldiers especially desired this form of entertainment and that they had been trying to organize one for them.

NO MINCING OF WORDS

Reply to Germany's Note on Economic Peace Terms

Paris, May 24.—Whoever wrote the reply to Germany's note on the economic peace terms —and the report was strong here last night that it was drafted by Americans—minced no words. As a diplomatic document in the midst of peace negotiations it stands unique for its brutal frankness and severity of language. Here are a few examples:

"The sacrifice of her larger shipping is the inevitable and necessary penalty for the ruthless campaign which she waged in defiance of all laws and precedents."

"It is a very moderate share of a loss for which her own criminal deeds have been responsible."

"They (German territories) have escaped the shocking fate which was dealt out by the German armies.

"It cannot be forgotten that among the most wanton acts perpetrated by the German armies was the almost complete destruction by her of the coal supplies of Northern France. An entire industry was obliterated with a calculation and savagery which it will take many years to repair.

"Every country is called upon to suffer. There is no reason why Germany, which was responsible for the war, should not suffer also.

"Indeed, so far as pillage and devastation is concerned, here territories have not suffered at all.

"She cannot escape unscathed. The share which she is being called upon to bear of the enormous calamity has been apportioned by the victors not to her deserts, but solely to her ability to bear it.

"Her hardships will arise not from the conditions of peace, but from the acts of those who provoke and prolonged the war. Those who were responsible for the war cannot escape its just consequences."

DISCUSS COUNCIL MANAGER PLANS

James R. Caton Speaks at Mass Meeting Last Night

ADVOCATES CHANGE

Ask if Citizens Willing to Continue —Says An Election to be Held Soon to be Held.

A meeting of the fourth ward voters was held in the Young People's Building on South Washington street last night at eight o'clock.

The meeting was a very interesting one and was addressed by James R, Caton, chairman of the citizens' committee.

Mr. Caton's address covered a full discussion of the present system and the benefits and savings that could be accomplished by sytematic business methods in our city affairs. He pointed out that the present City Council had proposed raising license tax in a great many classes of business without a survey of all of the classes of business in Alexandria and that the propoed license tax bill was inequitable and placed a burden on certain classes of business that could not afford it and there is no class that can well afford it. The speaker called attention to the proposed $100,000 bond issue, $50,000 of which would be used for a schol building and $50,000 to meet current expenses and improvements. He stated that the present system had practically bankrupt the City and unless the system was changed the citizens would soon be bearing an undue burden of taxation or the City would be bankrupt.

Mr. Caton stated clearly that the proposition was a matter for each tax payer to decide in his own mind and that at the election soon to be held the citizens would express their wishes in regard to whether they were willing for their affairs to continue without co-ordination and without managing head or whether they wanted to adopt a system that would fix responsibility and supply an organization that could transact cities business on a business basi.

The speaker then repreated his challenge to any one who knew of the merits of the present system to meet him and discuss the matter before the public so that there could be a comparison of the two systems.

ALLIANCE WITH RUSSIA

Berlin Dispatches Indicate That Such Movement is Gaining Ground Rapidly

Berlin, May 24.—Every day brings new evidences bearing out recent dispatches foreshadowing a junction with Russia as Germany's "last straw."

Yesterday the Berliner Zeitung Ammitag says boldly that "efforts to bring about a agreement between Germany and Russia are in full swing.

Chancellor Scheidemann, who threw out broad hints at a Russo-German alliance the other day, appears to take a more optimistic view as to Germany's chances for modification of the peace terms. In a speech yesterday he said:

"We hope to attain peace on the basis of ur counter proposals." He was wildly cheered when he added:

"A peace of conciliation is only possible if Germany is included in the league of nations on equal terms with all other members."

HAIL DAMAGES MD. CORPS

THE BETSY BELL IN HER ELEMENT

Two mammoth steel freight steamships, products of the Virginia Shipbuilding Corporation, are now floating in the Potomac moored to the concrete piers at that plant. The first (the Gunston Hall) took the water February 27, and is about to make her first trial trip. The second (the Betsy Bell) glided into the river early this afternoon. The latter is a fac-simile of the first. Two more freighters of the same pattern and carrying capacity, are approaching completion, while the keel for the fifth has been laid and a considerable portion of the basic work completed.

As was the case when the Gunston Hall was launched, this has been a gala day in Alexandria. Thousands of people gathered at the shipyard and on the adjoining hills this afternoon to witness the launching. Automobiles virtually blocked the streets leading to the plant.

The Betsy Bell glided into the river as easily and as majestically as did the Gunston Hall, amid hurrahs and rejoicing. Thousands of strangers were present from Washington, and all this section of country, who rejoiced with Alexandria in the prosperity which has entered this community during the past year and a half has brought about in a large measure by the location of a mammoth shipbuilding plant in our old city.

"All things come to him who waits," is an old saying. Alexandria waited long and patiently for a turn in her tide, often being the victim of cruel "sells," e. g., the "Pocahontas" disappointment (1887), and the failure of the "Virginia Iron Shipbuilding Company" (1880) to carry out its promises. The Virginia Shipbuilding Corporation, however, is composed of men who mean business, and it went to work in earnest. In less than a year and a half this corporation has launched two massive steel ships, and within the next few weeks two more will have been added to the squadron.

FIFTY-EIGHT YEARS AGO

Today, May 24, is the fifty-eight anniversary of the departure of Alexandrias quota of troops which later became part of the Army of Northern Virginia. Since 1889 this anniversary has been celebrated annually in Alexandria by survivors of the armies of the late Southern Confederacy, under the auspices of R. E. Lee Camp of Confederate Veterans. The silent reaper during the years which have followed 1861 has cut a wide swarth in the ranks of the survivors of the Lost Cause. But few are now in the land of the living.

On February 22, 1861, anniversary of the birth of George Washington, seven companies participated in a parade in this city. These commands at the close were brought to Washington street, between King and Queen, where they were reviewed, and later an enthusiastic meeting was held in old Liberty Hall on Cameron street. These companies were: The Alexandria Riflemen, Company A., the Mount Vernon Guards, Company E., the Emmett Guards, Company G., the Old Dominion Riffes, Company H., and the O'Connell Guards, Company I. These commands were subsequently incorporated into the Seventeenth Virginia Regiment. One company of cavalry, Capt. E. B. Powell, formerly Ball's, and two batteries of Artillery, Kemper's and Triplett's also formed part of the cortege.

These commands on this occasion were on dress parade, some of the members supposing that the war cluod, which was at that time growing black, would pass away within a few months—possibly weeks—as did that of John Brown at Harper's Ferry two years before.

Three months later, however, these noble Alexandrians were far from home, and by the advent of summer they had received their baptism of fire. Four years later those who survived the struggle returned to their homes, some singly, others in pairs and trios, and a few in small squads.

The ceremonies toward the close of the day will be in respect to the memory of those who offered up their lives on their country's altar. The names of the gallant Alexandrians who failed to come back are cut in marble upon the monument at King and Washington streets. May their memory be ever kept green.

THE HARMLESS SUBMARINE

During the past few days many Alexandrinas have visited Washington for the purpose of examining the German submarine (U-117) now berthed at the foot of Seventh street. A year ago this monster of the deep was lurking off the Virrginia capes, causing no little anxiety to Alexandrians and people of the capital city.

Lincoln's cabinet in the early part of 1862 believed the appearance of the Merrimac in the Potomac to be possible, and it is said E. M. Stanton, then Secretary of War, was so worked up by this probability that he jumped up while at a cabinet meeting and glared anxiously from a window in the White House in order to satisfy himself that the famous Conederate ironclad was not on its way up the river.

U-117 is now lying at the Washington dock, crowded with men, wome nand children, as innocently as a stranded man-eating shark. Its huge gun mounted on the forecastle, encrusted by rust, is no longer an object of terror. The immersible has seen its day. While people are studying the mechanism of this heretofore marine monster airships are flying above, the aviators performing their stunts.

The appearance of this German submarine in the Potomac brings to mind the arrival here in 1865 of the Confederate ram Stonewall. This marine monster of its day had caused almost as much apprehension as had the Merrimac in 1862. Before this formidable craft, however, could get to work peace had been declared, and the Stonewall made a peaceable visit to the Potomac, anchoring off Alexandria. Many people visited our city at the time to take a look at a craft which had been the occasion of so much anxiety.

The deadly submarine, upon which the most desperate element of the Teutons, headed by von Tirpitz, expected at last, to win out, will be forever barred from the equipment of civilized nations and U-117 with its kinded craft will eventually reach the scrap heap.

A JUST TRIBUTE

In the 21st chapter of Acts, verse 24, we read: "For he (Barnabas) was a good man, and full of the Holy Ghost and faith." The death of Bishop Greer, of New York, probably brought these words to the minds of many, as they could be utterd with equal truth of the deceased.

Bishop Greer appears to have been a rare clerical phenomenon—a fine preacher, who was also an excellent executive and business man, a shepherd of rich souls whose religious democracy was as unaffected and simple as that of the Galilean fishermen. He built up parishes and made empty churches crowded ones, but, better than that, he built up men and filled empty souls with gladness and strength.

As the Baltimore Sun says, "there was nothing new about his scheme of Christianity. He simply copied faithfully from the Original. He did what sems so hard to do nowadays—he got back to the stable at Bethehem and the cross on Calvary, and he followed the Master in spirit and in truth. His Christ was not separated from him by 2,000 years. Bishop Greer walked with Him every day just as truly as did Peter and John.

"These are the religious leaders who count. These are the men who bring to life in the modern world the Christ who has been buried from the eyes of a million by the coldness, the formalism, the prejudices, the dissensions, the theological technicalities and worldly pride of many who profess to speak in His name. It is a gracious sight to see Him among us again in lives like that of Bishop Greer. And even the most unlearned recognize Him at once when He comes in such guise, and readily listinguish the true Christ from the false. He had written His name on the heart and forehead of the good New York prelate, and common and uncommon folks knew Him as He passed among them in the soul of Bishop Greer, and welcomed earnestly the Divine presence.

"Christ comes to New York and every modern city whenever a really Christ-like man or woman walks its streets."

IT MAY YET BE "ON TO BERLIN!"

Unrepentant, burning with hatred to their conquerors, liars, sniveling hypocrites as ever, the German people, through their insolent, ill-bred, representatives at the peace conference, are demonstrating that the world must deal with the same spirit, the same bully when in power, the same liar and hypocrite when conquered, that Germany has ever been. These are the observations of the Manufacturers' Record.

"From the reports that come from Berlin and from Paris we can see more clearly than ever before that nothing less than the flags of the Allies and of America floating over the palaces of the whole Potsdam gang will ever convince the German people that civilization has conquered barbarism. These flags should float there and never be hauled down until a repentant, regenerate, re-educated Germany has in sackcloth and ashes redeemed its soul from the devil to whom it was gladly sold for the promise of world dominion.

"Germany murdered millions, wounded and maimed and blinded millions more, outraged womanhood and childhood, sacked cities, looted machinery, cut down even the fruit trees, in order to conquer and rob and rule the world.

"No possible punishment can ever one-tenth cover the fearful crime of this war. Punishment to the extreme of individuals and of the nation is the supreme duty of civilization, to God and to man, and even the peace terms as now submitted, drastic as they may be, are not equal to what justice demands.

"Therefore, let there be no possible weakening in enforcing these trems, and if Germany refuses to sign and fulfil them, then let the order ring out clear and strong: "On to Berlin!"

CHALONER WINS HIS CASE

Whoever may be "loony" now it's not John Armstrong Chaloner, at least in the yes of a jury which this week in Federal Court, New York, awarded him a verdict of $30,000 against the New York Evening Post for libel after less than an hour's deliberation on Chaloner's remarkable performance of two solid days on the witness stand before them. The above is the observation of the New York Sun. The paper had alluded to Chaloner in 1909 as an assassin who had had the forethought to have himself declared insane before he shot his man.

After they had returned the verdict members of the jury said that no man who performed the feats of intellect which Chaloner performed before them could be crazy.

$500 more than the price of a Maxwell will buy you mere size only

FOR a Maxwell has every single modern device that any car selling within $500 of its price possesses.

The only thing an extra $500 will procure is size—a few inches of wheelbase, 2 inches of tire, 50 pounds more of engine, and 5 to 10 other things that a $20 note would easily cover.

Then you run the risk of not getting as good a car as a Maxwell.

For it is one thing to build a 10,000 a year car and another to build a 50,000 a year car.

The chances are in favor by far of finding the real merit in the latter.

The Maxwell has a record run of 300,000—all of one model—behind it.

That means sureness of design, freedom from "temperament," reliability plus, economy for certain, and always a ready market value.

A larger car costs more to maintain. A smaller car has less luxury.

MADE DEATH CERTAIN

Hagerstown Magistrate, Crossed in Love, Shot Self And Gashed Legs With Razor

Hagerstown, Md., May 24.—After lying in the forest five days the body of former Justice of the Peace Eugene A. Brown, 65, was found Thursday night, bodly decomposed, on South Mountain, near Brownsville, by Henry and Clarence Islin. Brown shot a bullet through his head and gashed his legs with a razor. Acting Coroner Justice Hines, of Rohrersville, after an investigation, decided that Brown had killed himself.

Brown recently returned from Washington and was staying with a friend at Brownsville. Sunday morning he left the house after telling several persons he intended to "end it all." Failing to return, searching parties were organized, and for five days scoured the country for his body. A Hagerstown newspaper received a letter bearing Brown's signature in which he stated he intended committing suicide because of disappointment in love and domestic troubles. "The hypothetical hell of Dante's imagination cannot be worse than the torment I am now enduring" he wrote.

COAL. LUMBER AND BUILDING MATERIALS

W. A. SMOOT & CO. INC.

Your Next Winter's Coal

We do not know what the price of coal will be next Fall and Winter, as the retail price is governed by the price at the mines and the freight.

Our understanding of the present program is that Anthracite coal will advance ten cents a ton a month from May 1st to September 1st, and although we think this program will probably be carried out yet we are not sure of this.

We do know that THE MINES CANNOT PRODUCE, THE RAILROADS CANNOT HAUL AND THE DEALERS CANNOT HANDLE nearly enough coal during the Fall and Winter months to take care of an ordinary Winter's demand.

This means that coal will have to be mined, transported and delivered during the Spring and Summer to avoid a serious shortage next Fall and Winter.

We advise our customers to take these facts into consideration and order a reasonable supply of coal now.

CANNOT SEIZE LIQUOR

No Provision for Confiscation in Reed Act. Court Rules

Out of the clouded liquor situation in Washington, comes a definite decision from Justice Gould in the District Supreme Court which clears up at least one point as to its meaning.

The decision is this: There is nothing whatever in the Reed amendment, or the bone-dry law, which permits the police department to seize liquor, whether or not the person or persons in whose possession it is found are guilty of violating the law.

Furthermore, the Shepperd law, which contains a clause authorizing seizure of liquor in cases where convictions are secured, cannot be read into the Reed amendment, or vice versa.

The decision grew out of a petition for a writ of replevin filed by "Gladding Brothers," a Baltimore trucking concern, for the return of some $2,500 worth of liquor which was seized from their trucks by the police soon after the Reed amendment went into effect. The case of Salvatore Scalos, a fruit dealer, 921 Louisiana avenue northwest, who asked the return of $119.50 worth of whisky, was heard along with the Gladding Brothers.

CHILDREN TURNED PIED PIPERS

Albemarle County, Va., Now Rid of Rats

Charlottesville, Va., May 24.—The campaign to help rid Albemarle county of rats, which was put on by Miss Marian Farish and the members of the Home Demonstration Advisory Board, has just come to a successful close. Eight thousand six hundred and fifty rats were kiled by the school children in the county.

Edward Smith, aged 12, of Proffit, won the $5 prize, bringing to his school teacher 137 rat tails, the largest number turned in by any one child.

HELD FOR ATTACK ON WOMAN

Wytheville (Va.) Man Accused by Woman Who Befriended Him

Wytheville, Va., May 24.—Charles Pullium, who is accused of attacking Mrs. Charles Harden at her home about five miles west of Wytheville Thursday afternoon, was arrested by Sheriff Robert Brown and Deputy Sheriff Bowman near Ivanhoe yesterday afternoon. He is now in jail here. Pullium had been giving something to eat by Mrs. Harden, after which he left her home, but later returned and attacked her. Mrs. Harden, however, proved too much for Pullium and ran him off the premises.

BACK GIVES OUT

Plenty of Alexandria Readers Have This Experience.

You tax the kidneys—overwork them—

They can't keep up the continual strain.

The back may give out—it may ache and pain;

Urinary troubles may set in.

Don't wait longer—take Doan's Kidney Pills.

Alexandria people tell you how they act.

Mrs. Mary Williams, 914 Duke St., Alexandria, says: "About two years ago I was suffering terribly from kidney trouble. My back pained me so at times I could hardly get about. Nights, lying in bed, it seemed as though my back were broken. My kidneys acted much too freely and that broke my rest. Mornings I felt stiff and sore and could hardly get out of bed. I was completely run down. Doan's Kidney Pills soon gave me relief and after I had finished two boxes my kidneys acted naturally and the pains in my back were gone. I was entirely cured."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Williams had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y.

TO THE VOTERS OF THE CITY OF ALEXANDRIA

The City Democratic Committee urgently requests all citizens who have the right of suffrage to cast their ballots on Tuesday, May 27, 1919, for the Hon. R. Walton Moore, of Fairfax County, for the Congress of the United States.

He is the nominee of the Democratic Party, and should receive the cordial support of all loyal democrats. A better equipped candidate could not have been selected for the standard bearer of the party. His brilliant mental attainments and lofty traits of character pre-eminently qualify him for the position. If elected, he will discharge his official duties with singular ability, and his constituents will have a representative of whom they can feel justly proud. In order to maintain the present state of prosperity prevalent in the city and district, it is of the utmost importance that the people should have a representative in the National Congress whose capabilities will command influence and respect. It will be impossible to accomplish his defeat if those who have the right of suffrage perform this important civic duty.

Respectfully,
City Democratic Committee,
By Charles Bendheim, Chairman

VICTIM OF SEA CYCLONE

Hawker Flew to Death in Mid-Atlantic Storm

Liverpool, May 24.—Harry Hawker and Mackenzie Grieve flew to their death in a violent cyclonic storm in mid-Atlantic early Monday morning, according to a message from the cable ship Faraday to the steamship Tadrician, which docked here yesterday.

The Faraday reported sighting the lights of an airplane, presumably the Sopwith, shortly after midnight Monday morning, in a position approximately half way between Newfoundland and the Irish coast and on the course over which Hawker is believed to have flown after leaving St. Johns Sunday evening.

"Hawker and Grieve flew to their death in a cyclonic storm of terrific violence," said the message from the Faraday.

"Immediately after we sighted the plane the storm raged for twenty-four hours. The seas ran mountain high and the wind was almost strong enough to tear one's eyes from their sockets. None of us had seen a worse storm."

This is the first definite hint of the position reached by the aviators when they met their untimely end.

INGOMAR—Marguerite Fisher

"Charge It To Me" is a five-reel comedy-drama is a screamingly funny series of mix-ups and misunderstandings that bid fair to wreck the happy home of a well-meaning but indiscreet little bride—all because she wanted to keep hubby's birthday present a deep, dark secret.

Miss Fisher's role in the play is that of a spirited little bride who plans a birthday surprise on hubby that turns into a succession of surprises on her and everybody else before it is ready to spring. It's a bully good picture in every foot of its five reels.

This picture will be shown at the Ingomar Theatre tonight.

Richmond—Florence Reed

Her Code of Honor starring Florence Reed, at the Richmond tonight, is a story throbbing with heart interest, for it tells of two of the greatest things in Life—Human Love and Human Frailty.

The cast is one of the greatest ever seen in screen drama. William Desmond, himself a star, leads the support.

It presents Florence Reed in a dual role, each with its great love story, and a startling surprise at the close.

It starts in the fascinating Latin Quarter, and then passes to the luxury and magnificence of life in a wealthy New York home, with gorgeous gowns and rich settings. It is a tale of two great cities.

Good Will Given a New Impetus

A statement of Dodge Brothers war activities is due the owners of their cars.

Dodge Brothers refrained, during the progress of the war, from any reference to the performance of the car in Government service.

It seems proper now, however, to disclose the facts, because they are unusual facts—intensifying that good will which owners of Dodge Brothers Cars have always manifested.

Dodge Brothers car was the only one of its class approved and adopted by the War Department.

In a separate Ordnance Works, built especially for the purpose, costing millions of dollars and employing thousands of their skilled motor workmen, Dodge Brothers undertook an important duty designated by the War Department.

Without the aid of their great motor organization, Dodge Brothers could not have fulfilled the heavy obligation which they were asked to assume by the Ordnance Department.

The other service required of Dodge Brothers motor works, by the Government, was to continue to furnish their cars as they were needed.

They *were* furnished, not in hundreds, but in thousands—both for the training camps here, and for service in Belgium, France and Italy.

The record of those thousands of camp and army cars is one in which any owner may feel the utmost pride and satisfaction.

Their performance justified the compliment implied in their selection by the Government.

The great works in which nearly three hundred thousand of their cars have been produced in the past four years furnished a vast store-house of human energy and equipment for the ordnance work.

Naturally, it will take time to adjust the motor works to its full accustomed activity.

Gradually Dodge Brothers will resume the grateful task of continuing to deserve the good will of America—and indeed of the whole world.

Dodge Brothers consider good will their most valuable possession.

They will never knowingly do anything to lessen it.
